

Licence to undertake work with asbestos

Licence Number 142205721

The Health and Safety Executive, in pursuance of the powers conferred on it by the Control of Asbestos Regulations 2012, licences

**Henderson Environmental Services Ltd
Unit 4, Sands Industrial Estate
Sands Road
Swalwell
NEWCASTLE UPON TYNE
Tyne & Wear
NE16 3DJ**

(“the licensee”)

to undertake work with asbestos subject to the conditions below. The licence is granted from **30 January 2022** and shall remain valid until **29 January 2025** unless revoked in writing by an authorised Person.

CONDITIONS

1. This licence or a copy thereof, should be made available on request by the licensee for inspection by any person to whom the licensee submits a tender or quotation for work with asbestos and shall be available for inspection at all worksites.
2. The licensee shall give notice in writing of the work to the appropriate HSE or local authority office at least 14 days before the work is commenced, or such other period as the authority will allow. The notice shall specify the type of work to be carried out, the likely duration of the work, the address of the premises at which the work is to be carried out and the date of commencement of the work activity. The enforcing authority must be informed in writing as soon as possible if this information changes. This condition will only apply to licensable work with asbestos as defined in Regulation 2 of the Control of Asbestos Regulations 2012 or when the licensee hires out employees (at operative level) to other licensees.
3. (a) Prior to submitting the notice of work required by Condition 2 the following documents shall be prepared by the licence holder:
 - i) a suitable and sufficient written statement of the plan of work to be used.
 - ii) a suitable and sufficient written specification for the equipment for the protection and decontamination of those engaged in asbestos work and also for the protection of other persons, as appropriate to the work.
- (b) The licensee shall, on request by HSE and/or the local authority provide copies of the documents referred to in 3(a) and/or allow inspection of those documents as required.
- (c) Work carried out under the notice of work required by Condition 2 shall be carried out in accordance with the suitable and sufficient plan of work and the equipment, as specified in (a) (i) and (ii).

The plan of work and written specification must be provided on request and be available at the time of notification.

4. For the first three notifications carried out under the term of this licence, a copy of the notice required at Condition 2, along with a copy of the suitable Plan of Work required under Condition 3 and a copy of the suitable and sufficient assessment of the asbestos and non-asbestos risks shall be given, at the same time, to the Asbestos Licensing Principal Inspector (ALPI) based at HSE’s Newcastle-upon-Tyne office.
5. Implement and use a safe system of work for review of ongoing and completed jobs from arrival on site on Day One to handover of site to client on completion. System to include but not be restricted to i) completion of hold points, or similar, and submission of update reports and photos, as necessary, to the Contracts Manager. All changes and amendments to be authorised in writing by the Contracts Manager; ii) Review of job, plan of work, check sheets, audits, air monitoring and all other relevant documentation at job completion for continuous improvement and learning. Produce a summary report for each of the first 3 notified jobs and within one week of the job completion date, send a copy of the report to the ALPI based at HSE’s Newcastle-upon-Tyne office.
